DESCRIPTION

Aurodhea Devil's Claw Ointment is helpful in pain-causing medical conditions which also cause inflammation, such as osteoarthritis, back pain, cervical osteoarthritis, sprains, bruises, sciatica, arthrosis, rheumatism, muscle stiffness and skin disorders (including ulcers and sores). Applying this ointment helps improve joint mobility and flexibility. It can be an effective alternative to conventional anti-inflammatory treatments whilst providing good results in the treatment of medical conditions in athletes, such as tendinitis. Enriched with Shea Butter and Almond Oil, it contains Leopard's Bane extract and essential oils of Rosemary and Thyme, which stand out for their excellent calming, pain-killing and anti-inflammatory properties. DERMATOLOGICALLY TESTED CPNP REFERENCE: 2463556

HOW TO USE

Apply onto the affected area (knees, neck, shoulder, back) and massage for about 5 minutes, until fully absorbed. Repeat 2-3 times a day, for 3-4 days, until improvement. It is recommended to cover the area of treatment with a natural fibre cloth, preferably cotton gauze or a woolen cloth, at the end of the massage. DERMATOLOGICALLY TESTED

WARNING

If in eyes, rinse immediately with water and seek medical advice if necessary. Do not release into the environment. Avoid falls, shocks and inappropriate handling that might cause spillage of the product. Store in a cool, dry place away from heat sources. It is contraindicated during pregnancy, breastfeeding and in children under the age of 5 years. It may solidify in winter at room temperature. During the summer season, the product is usually more fluid.
