DESCRIPTION

GLOW BODY OIL is a nourishing, silky and illuminating oil with a "shimmer effect" that gives skin a golden, glowing appearance, perfect for those who like to shine and don't want to go unnoticed. Its plant oil-based formula moisturises and nourishes the skin, protecting it from the photo-ageing caused by the sun, helping to make it silky and supple and even counteracting the appearance of new stretch marks. Its light texture absorbs quickly, without being greasy; glitter remains on the skin for a long time, providing hours and hours of shimmering. Its composition is based on high-performance plant oils: - Sweet Almond Oil stimulates collagen production, has an elasticising and repairing action on the skin, thus treating stretch marks and scars; - Coconut Oil softens and moisturises the skin, protecting it from the signs of ageing and the action of external agents, such as the sun. DERMATOLOGICALLY TESTED CPNP REFERENCE: 4016124

HOW TO USE

Shake before use. Apply the oil evenly on the body and gently massage in. If you also want to apply it to face and décolleté, pour a small amount onto the fingertips, choose the areas to highlight and gently massage in circular motions. Perfect as an highlighter on cheekbones, nose bridge and forehead, above the eyebrows and on the décolleté.

WARNING

Avoid contact with eyes. Due to the presence of glitter, avoid contact with clothing. Keep out of reach of children. Keep away from heat sources. Do not disperse in the environment. Close container after use.

INGREDIENTS (INCI)

Caprylic/capric triglyceride, prunus amygdalus dulcis oil, cocos nucifera oil, C18-36 acid glycol ester, C18-36 acid triglyceride, helianthus annuus seed oil, tocopherol, parfum, silica, calcium aluminum borosilicate, CI77891, CI77491, tin oxide.

PAO DEADLINE

6 Months
