DESCRIPTION

PROPERTIES & BENEFITS

A nourishing and restructuring blend of vegetable oils and butters, ideal for body and hair care. It is designed to regenerate and deeply moisturise the skin, but also to restructure and nourish the hair. This synergy of vegetable butters and oils, carefully designed in our laboratories, enhances the beneficial effects of its ingredients by mixing them in precise concentrations and contains:

- Shea Butter, known for its emollient and nourishing properties;
- Coconut Oil, which helps moisturise and counteract skin infections, irritations;
- Camelina Seed Oil, which protects the skin and soothes redness;
- An active complex obtained by blending Hyaluronic Acid and Meadowfoam Seed Oil, a combination designed to nourish, plump and protect the skin, reducing the appearance of wrinkles and fighting skin ageing.

DERMATOLOGICALLY TESTED

HOW TO USE

USE & PRACTICAL ADVICE

Body: apply to the areas to be treated, massaging in circular motions until fully absorbed. Use on the body skin to promote cell regeneration and nourish the dermis. Applied to the scalp, it helps regulate sebum production, one of the main causes of dandruff. In the case of insect bites, it can help soothe itching and burning sensations, accelerating the healing process.

Hair: apply to the lengths as a pre-shampoo treatment, focusing on damaged ends to deeply restructure and nourish the hair.

WARNING

Store in a cool, dry place, away from heat sources and direct light. Avoid release to the environment. Keep out of reach of children under 3 years of age. Avoid contact with eyes and mucous membranes. In case of allergic reactions, discontinue use immediately and consult a doctor. Application before sun exposure is not recommended, as it is photosensitising. Excessive application may be comedogenic. For external use only. Do not ingest.
