DESCRIPTION

PROPERTIES & BENEFITS

An antioxidant and brightening blend of vegetable oils, ideal for skin and hair care. Designed to slow down or inhibit the oxidation processes, promoting skin and hair radiance, it is particularly suitable to counteract the signs of ageing. This synergy of vegetable oils, carefully designed in our laboratories, enhances the beneficial effects of its ingredients by mixing them in precise concentrations and contains:

- Grapeseed Oil, with its well-known lightening and anti-ageing properties;
- Linseed Oil, which performs an anti-inflammatory and anti-oxidant action thanks to its high Vitamin E content;
- Hyaluronic Acid, which helps to moisturise the skin, reduce the appearance of pores, regulate sebum production, even out complexion, reduce redness and improve the skin barrier;
- An active blend of almond, olive, linseed and borage oils, selected for their content of different highly nourishing fatty acids. This blend moisturises the skin without leaving it greasy, ensuring quicker absorption compared to non-activated oil blends. With its elasticising and anti-stretch mark properties, it adds an exceptionally soft and silky

touch to the formula.

RIFERIMENTO CPNP: 4829425

HOW TO USE

USE & PRACTICAL ADVICE

Shake before use and avoid applying before sun exposure.

Face: massage a few drops onto the face until absorbed, preferably before bedtime, to get an antioxidant effect and brighten the complexion.

Body: useful to prepare a massage oil to combat cellulite, reactivate blood circulation and treat or prevent circulatory disorders such as varicose veins and capillary fragility. Massage in circular motions until fully absorbed.

Hair: apply to dry hair as a pre-shampoo treatment or after styling. Its use helps prevent, reduce and naturally seal split ends. Its nourishing action helps rehydrate and restructure the hair fibre, giving radiance to the hair.

WARNING

Store in a cool, dry place, away from heat sources and direct light. Avoid release to the environment. Any sediment at the bottom of the bottle is due to the natural origin of the ingredients, so shake before use. Keep out of reach of children under 3 years of age. Avoid contact with eyes and mucous membranes. In case of allergic reactions, discontinue use immediately and consult a doctor. Application before sun exposure is not recommended, as it is photosensitising. Excessive application may be comedogenic. For external use only. Do not ingest.

INGREDIENTS (INCI)

Vitis vinifera seed oil, linum usitatissimum seed oil, sodium hyaluronate, almond/borage/linseed/olive acids/glycerides, helianthus annuus seed oil, caproic acid, tocopherol, sorbitan olivate, ricinus communis seed oil.
