DESCRIPTION

PROPERTIES AND BENEFITS

A blend of essential oils with an energizing action that helps to invigorate the body and to stimulate its energy recovery.

This synergy of essential oils, formulated in our laboratories, enhances their respective beneficial effects by blending them in precise concentrations, which helps to reduce fatigue and increase vitality.

Composed of Sweet Orange Essential Oil, known for its antispasmodic and invigorating properties, Rosemary Essential Oil, an excellent stimulant and anti-inflammatory, and Peppermint Essential Oil, with its toning and regenerating action, this synergy revitalises body and mind, inducing a general state of well-being.

DERMATOLOGICALLY TESTED

CPNP REFERENCE: 4828452

HOW TO USE

USE AND PRACTICAL ADVICE

Energising bath solution: pour 10 drops into the bathtub water, emulsify by vigorously shaking the water, then soak in for 10 minutes.

Revitalising shampoo: pour 2 drops into a neutral shampoo and wash in case of dandruff, alopecia or weak, brittle, oily hair. Alternatively, after washing, apply a few drops onto the scalp and massage.

Environmental diffusion: add 6-7 drops to 300 ml of water in the tray of the radiator. Alternatively, mix 200 g potpourri with a few drops, dosing depending on the pleasantness of the result.

WARNING

Contraindicated during pregnancy, breastfeeding and in children under 3 years of age. Not recommended in cases of convulsive disorders, epilepsy, hyperthyroidism or allergies to essential oils. Avoid prolonged use; do not use within 24 hours before sun exposure as it is photosensitising. For external use only. Do not ingest. Avoid contact with eyes and mucous membranes. If in eyes, immediately rinse with water and get medical attention, if necessary. Before use, perform a test on the crook of the elbow to check the tolerability of the oil. Do not spray inside steam inhalers or nebulisers, to avoid clogging the machinery. Store in a cool, dry place away from heat sources. Any slight colour variation is an indication of the naturalness of the components and does not affect the quality of the product. Do not release into the environment.
