DESCRIPTION

The "Floral Sweetness" Light Drops by Aurodhea is the finish product designed to give new light to dry, brittle and treated hair. Delicately scented and suitable for all hair types, these hair liquid crystals nourish and enhance highlights. Their silicone-free formula is enriched with the exclusive NUTRIGLOW™ complex, a blend of Sweet Almond Oil, Linseed Oil and Ceramides that moisturises and repairs hair, visibly reducing frizz and facilitating styling. They also contain Hyaluronic Acid, contributing to the creation of a protective film around the hair, leaving it disciplined and pleasantly soft.
