DESCRIPTION

PROPERTIES & BENEFITS

A plumping and moisturising blend of vegetable oils, ideal for skin and hair care. Designed to prevent skin damage caused by free radicals and hydrate hair, it is particularly suitable for helping the skin regain its natural moisture levels. This synergy of vegetable oils, carefully designed in our laboratories, enhances the beneficial effects of its ingredients by mixing them in precise concentrations and contains:

- Jojoba Oil, rich in vitamin E, a powerful antioxidant;
- Macadamia Oil, known for its nourishing properties, particularly suitable for dry and mature skin;
- A Ceramide, which helps reduce wrinkles, making the skin firmer and more elastic. It helps form a protective barrier on the skin, ensuring long-term moisture and a powerful anti-aging and pre-aging effect;
- An active blend of almond, olive, linseed and borage oils, selected for their content of different highly nourishing fatty acids. This blend moisturises the skin without leaving it greasy, ensuring quicker absorption compared to non-activated oil blends. With its elasticising and anti-stretch mark properties, it adds an exceptionally soft and silky

touch to the formula.

DERMATOLOGICALLY TESTED

HOW TO USE

USE & PRACTICAL ADVICE

Shake before use and avoid applying before sun exposure.

Face: apply a few drops to the areas to be treated, gently massaging until fully absorbed. Use to combat premature skin ageing, especially for dry, sensitive and delicate skin, particularly prone to wrinkles. Also helpful for preventing sunburn.

Hair: to nourish and strengthen hair, distribute a few drops on damp lengths, gently massaging into the ends. Leave on for a few minutes before washing. To hydrate and soften hair, apply a few drops to dry hair.

WARNING

Store in a cool, dry place, away from heat sources and direct light. Avoid release to the environment. Any sediment at the bottom of the bottle is due to the natural origin of the ingredients, so shake before use. Keep out of reach of children under 3 years of age. Avoid contact with eyes and mucous membranes. In case of allergic reactions, discontinue use immediately and consult a doctor. Application before sun exposure is not recommended, as it is photosensitising. Excessive application may be comedogenic. For external use only. Do not ingest.

INGREDIENTS (INCI)

Macadamia ternifolia seed oil, simmondsia chinensis seed oil, ceramide np, almond/borage/linseed/olive acids/glycerides, olive glycerides, helianthus annuus seed oil, tocopherol.

PAO DEADLINE
