### DESCRIPTION

#### PROPERTIES & BENEFITS

A soothing and softening blend of vegetable oils, ideal for sensitive and delicate skin. Designed to alleviate discomfort and irritation while providing a soft, velvety feel to the skin, it is particularly suitable for dry skin. This synergy of vegetable oils, carefully designed in our laboratories, enhances the beneficial effects of its ingredients by mixing them in precise concentrations and contains:

- Rosehip Oil, with healing, anti-inflammatory and soothing properties;
- Avocado Oil, which boasts emollient, skin-restoring and film-forming properties;
- Hemp Oil, rich in essential fatty acids such as Omega 3 and Omega 6, known for its soothing, anti-inflammatory and antioxidant properties;
- An active blend of almond, olive, linseed and borage oils, selected for their high content of different highly nourishing fatty acids. This blend moisturises the skin without leaving it greasy, ensuring quicker absorption compared to non-activated oil blends. With its elasticising and anti-stretch mark properties, it adds an exceptionally

soft and silky touch to the formula.

## HOW TO USE

USE & PRACTICAL ADVICE

Shake before use and avoid applying before sun exposure.

Face: use a few drops to treat burns and sunburns, promoting and speeding up skin healing.

Body: apply a few drops to moisturise dry skin and relieve itching, massaging the affected area with gentle circular motions until fully absorbed. Use on scars and skin injuries to promote tissue regeneration. It is also beneficial for sunburns, eczema, psoriasis and helps soothe dermatitis and irritation.

Hands: massage onto hands to combat abrasions and cuts caused by external agents such as detergents and cold weather. Add a few drops to your hand cream to enhance its soothing and regenerating properties.

---

## WARNING

Store in a cool, dry place, away from heat sources and direct light. Avoid release to the environment. Any sediment at the bottom of the bottle is due to the natural origin of the ingredients, so shake before use. Keep out of reach of children under 3 years of age. Avoid contact with eyes and mucous membranes. In case of allergic reactions, discontinue use immediately and consult a doctor. Application before sun exposure is not recommended, as it is photosensitising. Excessive application may be comedogenic. For external use only. Do not ingest.
